

President's Letter to the Members

Dear Members,

It has been pointed out to me and I have seen a few things at the range that I must address. **Please re-read the updated range rules that are on the web site.** There have been multiple issues seen or reported to me about members not posting targets within the white lines on the target boards or shooting targets placed on top of the backstops...this is **NOT Allowed** at our range. We have these rules in place for safety reasons, we cannot have errant rounds going places outside of our backstops.

I have instructed a few members to keep an eye out for these issues and should you be found violating the rules you will be confronted and asked to stop, or your membership badge will be confiscated and you will have to explain your actions to the officers and members at a meeting in order to get it back.

Regards,

Ben Back, BLLR President
